

Insulated Hooded Screw Holding Screwdriver Set, 3-Piece

Klein Tools 3-Piece Insulated Screw Holding Screwdriver Set includes Phillips, square, and slotted drivers rated for 1000-Volt electrical work. The hooded design grips fasteners reliably, where magnetism can't during live work. A sliding sleeve engages screw holding for one-handed operation in confined spaces. Bright orange flame-resistant insulation protects from shock, while the Cushion-Grip™ handles provide greater torque and comfort. Essential for hot work, preventing dangerous arc flashes.
